GRATUITIES GUIDELINE

Although not compulsory, tipping is encouraged and welcomed and is an expression of your satisfaction with the Outfitter, Professional Hunters and safari staff who have assisted you throughout your hunt. Although it may not be customary to you, it is of considerable significance to the people taking care of you during your stay.

If you felt that the Stanley Pieterse Safaris staff did an outstanding job at the end of your safari, tipping will be appreciated. We believe that recognizing excellent service is a personal matter and therefore putting together an amount is entirely based on your personal preference. If you would rather incline towards having a guideline as to what a reasonable amount might be, you will find a table below indicating the approximate amounts for each person employed by the company. These amounts are in US Dollars.

The tipping of trackers, camp staff and Professional hunters must ALWAYS be done in cash (US dollars) and CANNOT be added to the final bill when account is settled via electronic bank transfer.

PLEASE NOTE! Also take this into consideration with the gratuities. The old US dollar is no longer accepted at South African financial institutions and in other African countries where some of our workers reside. Also, no tears or ink marks (no matter how small) should be present on any bill. Please keep this in mind when preparing gratuities for the staff.
